

GIVING IS GOOD MEDICINE!

Heart disease is still the number one killer in the U.S. Supporting the American Heart Association through CHC helps patients and educators understand and prevent heart disease, and funds research to reduce disability and death.

Dr. Susan Mani

Cardiologist, Western Connecticut Medical Group

Give to Community Health Charities:

September 10 – 21, 2012

Visit “Community Giving Campaign” on the intranet home page to participate.

GIVING IS GOOD MEDICINE!

While our Biomedical Research Center works to find targeted treatments for women's cancers, the American Cancer Society, a CHC member charity, provides patients with up-to-date information and resources on all types of cancer.

Dr. Shohreh Shahabi

Chair, Department of Obstetrics, Gynecology and Reproductive Biology, and Chair of Reproductive Tumor Biology Laboratory

Give to Community Health Charities:

September 10 – 21, 2012

Visit "Community Giving Campaign" on the intranet home page to participate.

GIVING IS GOOD MEDICINE!

More than 500,000 babies in the US are born prematurely each year. By giving to the March of Dimes, a CHC member organization, you can help provide much-needed support and resources to these precious patients and their families.

Dr. Edward James
Chief Neonatologist

**Give to Community
Health Charities:**

Campaign” on the intranet
home page to participate.**

**WESTERN CONNECTICUT
HEALTH NETWORK**

DANBURY HOSPITAL • NEW MILFORD HOSPITAL

GIVING IS GOOD MEDICINE!

So many of the patients we treat could avoid an Emergency Department visit if they had the information and resources to take an active role in their own care. By giving to a CHC member charity, you can help fill those gaps for the people in our own community.

Dr. Thomas Koobatian
*Chair of Emergency Medicine
and Chief of Staff,
New Milford Hospital*

**Give to Community
Health Charities:**

September 10 – 21, 2012
